Queens of the 'Burgh started as just an idea—but it's exploded into what I truly believe is the premier event for girls volleyball in our region. In a world where high school, club, recruiting, and life can stack pressure on these athletes, Queens was built to break that mold—to give them a stage where talent shines, competition thrives, and confidence takes over.

This event is powered by passion and people. Amanda Fetter has been there since day one, helping build Queens into what it is today. Bailey Rafferty and Cullen Vereb have taken it to another level entirely. And the incredible support from the club and high school coaches I'm proud to call friends? That's what makes this special.

Now here we are—Year 4 at All-American Field House—with 74 athletes ready to put on a show. Get ready for high-level play, unforgettable moments, and an energy you won't find anywhere else.

Let's keep raising the standard. Let's celebrate the game. Let's continue building something bigger than volleyball.

Welcome to Queens of the 'Burgh.
